#### Description

The housing provided is located at the local college campus. It is an apartment style housing with each student receiving their own room and space. Each room has a private bathroom as well as basic kitchen items (refrigerator, microwave). The campus adheres to the strictest of sanitation procedures. The campus is similar to a small town in and of itself with plenty of shops and restaurants in easy walking distance, as well as a garden, greenhouse & sporting fields. In order to get to the job the student will need to take a bus (which picks them up right out in front of the house). The bus has been very safe during COVID, it only allows a minimum capacity to ensure social distancing and goes through rigorous sanitation throughout the course of the day. Several of our employees currently use the same bus line and vouch for its safety procedures.

**In the area**

Narragansett has four of the best beaches in Rhode Island. Tourism is an important facet of life in Narragansett, with attractive beaches, some of the best surfing on the east coast, sport fishing, a relaxed atmosphere, comfortable cottages and motels, and camping areas all contributing to the tourist's enjoyment. Narragansett strives to preserve the pleasure of a resort community with the amenities of year-round living. Make sure to take the ferry over to Block Island! Our chef and owner take students white water rafting, camping, boating, surfing, visiting tourist sites, etc. One of the most important aspects of working here are the many college students their age who work here and end up becoming friends for life. It is truly a life changing experience for most students.

**Provided by Host**

We coordinate trips to the amusement park, nature hikes, movies, kayaking trips, and surfing. We are on the beach so there is plenty of time to swim and relax by the ocean.
